- The *slides* (**PDF files**) can be found on the switch gitlab under <https://gitlab.switch.ch/hslu/continuing-education/cas-ml/cas-ml-fs-2025/> 12 - MLOPS
 - Clone or pull the repository to get the latest version
 - Open the PDF files to follow the presented slides
- The *exercises* (**HTML files**) can be found on github under https://github.com/tobycheese/hslu_cas_ml_fs_2025
 - Clone the repository only for reference or if you want to work locally
 - Please do not fork, as I want to set the repository private again after the lecture
 - When working with codespaces, you browse to the repository and launch codespaces from there (we will do this together in a minute)

- Main page, overview of running codespaces:
<https://github.com/codespaces>
- Available Quota: <https://github.com/settings/billing/summary>
- You launch the exercise codespace directly from the Github repository URL:
